Subject: UNISDR Campaign "Making Cities Resilient"

Following the suggestion of the *Associazione Protezione Civile Gruppo Lucano* I had the opportunity to view the UNISDR Campaign "Making Cities Resilient". As mayor of the Town of Avigliano I would like to register with the Campaign as a Participating City.

I believe that sharing with other cities around the world our own approach to disaster risk reduction will help in the implementation of disaster preparedness for our community.

One of our main objectives is to complete a diffuse education of the population to potential risks and to the best techniques of risk prediction and prevention.

I am looking forward to the cooperation with UNISDR and connected cities participating in the Campaign.

Yours Sincerely,

Mr. Vito SUMMA
Mayor
