From: Municipality of Prishtina

To: UNISDR "Making Cities Resilient"- Campaign

To whom it may concern,

We have been informed from UNDP (United Nations Development Programme) regarding the project on "Making Cities Resilient" which will be conducted during 2010-2011. Even though the Municipality of Prishtina doesn't belong to the "resilient city role-model", we would like to participate at this campaign as "Resilient City Participant".

We pledge our commitment in improving the following steps:

1. Maintain up-to-date data on hazards and vulnerabilities, **prepare risk assessments** and use these as the basis for urban development plans and decisions. Ensure that this information and the plans for your city's resilience are readily available to the public and fully discussed with them. (point 3 of the checklist)
2. Ensure that **education programmes and training** on disaster risk reduction are in place in schools and local communities. (point 7 of the checklist)
3. Assess the safety of all schools and health facilities and upgrade these as necessary.

As a mayor of the Municipality of Prishtina, I assure the commitment of the following institutions in improving the above mentioned steps through our Department for Protection and Rescue:

1. Kosovo Red Cross
2. Ministry of Education
3. Department of Emergency Management – DEM – Ministry of Internal Affairs
4. United Nations Development Programme
