Ministerial Guarantees to FIFA

- Health and Medical Services

“The infrastructure of the South African National Health System, with specific regard to the availability of a comprehensive medical service (including 24-hour emergency medical treatment) and disaster management, will be put at the disposal of the 2010 FIFA World Cup in the cities where the games will be played. This applies to both foreign and local delegations including the FIFA delegation and representatives, SAFA, players, management and coaching staff, foreign and local spectators, media, sponsors, officials, administrators and the small business sector servicing the spectators at the respective venues.”

DEPARTMENT OF HEALTH
Republic of South Africa

Ministerial Guarantees to FIFA cont.

- The existing health infrastructure will be significantly upgraded in keeping with the governments mission to promote the health of all people of South Africa, and to provide caring and effective services "
