Making Cities Resilient **My City is Getting Ready**

# MAKATI CITY: *Campaign Champion for Making Cities Resilient*

**Atty. Violeta S. Seva**  
Senior Advisor

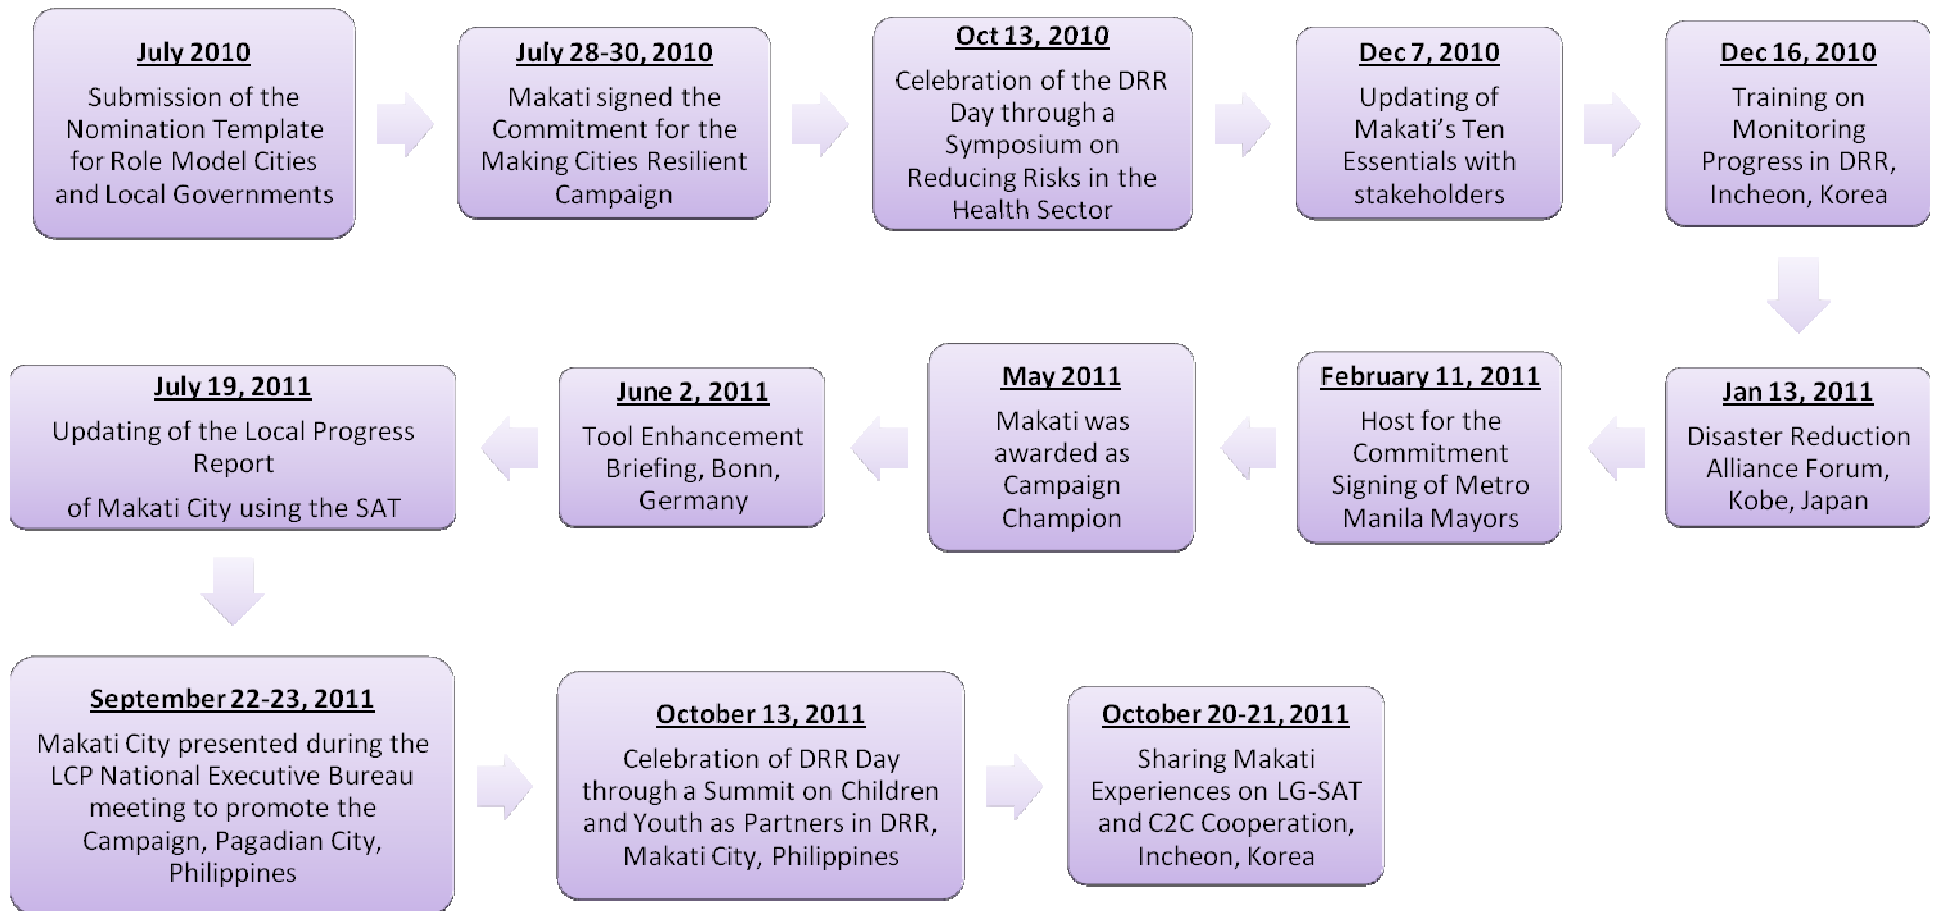

*Campaign Partnership Meeting*  
*November 1-2, 2011*

# MAKATI CITY'S ACHIEVEMENTS TO DATE

---

## MAKATI IS AN ACTIVE PARTICIPANT TO THE UNISDR MAKING CITIES RESILIENT CAMPAIGN

# MAKATI CITY'S ACHIEVEMENTS TO DATE

---

- Intensified preparedness activities at the local level including the private sector e.g. Barangay Emergency Evacuation Planning (BEEP) Project
- Better utilization of DRRM Fund (through NDRRM Act of 2010)
  - For 2011, Makati's DRRM budget is PhP390M or \$8.9M which funded Quick Response Activities (30%) and activities like CDRI (CCDRRMP and Barangay Profiling), Disaster Risk Assessment, etc.
  - For 2012, proposed activities include Makati Wastewater Clean-up Operation, West Tower Bangkal Decontamination Operations, Disaster Risk Assessment, Early Warning and Repair, Maintenance and Upgrading of C3.

## CAMPAIGN'S ADDED VALUE

---

- Makati City's recognition as disaster-resilient model city being benchmarked by other cities, not just in the Philippines but also in other countries.
- The multi-stakeholder dialogue approach in the self-assessment process did not only serve as a venue to accomplish the self-assessment tool, it also encouraged discussions on new DRRM projects.

## GAPS TO BE FILLED

---

- Mentoring of other cities who signed up to the Campaign.
- Aside from just knowing the status of participating cities in their disaster resiliency campaign, a mechanism to encourage participating cities to improve their current status should also be established, i.e. target/ goal-setting.
