Earthquake
Our Main hazards

Severe Storms
Earthquake and landslides
War & Armed conflicts
What have we done?

WE GOT INVOLVED

Byblos was between the first cities in Lebanon to sign with the UNISDR
Networking internationally

Participating in the Global Platform in Geneva.

Establishing our first international contact.
Education and risk management.

A two days workshop with a delegation of marine engineers from the city of Venice.

Day 1. How Venice was protected from the sea.

Day 2. Discussing the challenges, and suggested solutions to protect our heritage site.
Byblos a war free world heritage.

Hosting a project cofounded by the European Union, and CIUDAD, focusing on cities located in areas exposed to armed conflicts.

A 30 months project to develop a strategy to create the required conditions for Byblos to be candidate for enhanced protection status to UNESCO.
War Free World Heritage Cities
A city to city sharing knowledge.

Learning from others, and sharing experience.

Seeking technical support from Venice, due to their long experience with the sea.

Networking with other European cities.
