Organised by CMS – Communications and Management for Sustainability
Coastal Futures 2013 provides:
- **Strong perspectives** - from key stakeholders and industry leaders, who take a proactive approach to the sustainability agenda
- **Reviews** - from acknowledged experts in many subjects
- **Future trends** - pointers to future areas of activity which will directly affect your work
- **Networking** - an excellent opportunity to meet those at the forefront of these issues

Coastal Futures 2013 sets out to:
- Deliberately **bring together different sectors** to discuss important developments and concerns
- Describe the **actual changes** that are taking place in the environment that are causing concern and actions being taken to deal with these
- Describe the **developing programme of legislation and policy** which is unfolding to meet these concerns
