Date of issue: 11 February 2013	ISDR/IC/04/13

Post Title & Level: Individual Contractor – Graphic designer

Duty station: Geneva

Duration: Three Months

Deadline for applications: 19 February 2013

Date of entry: 1 March 2013

United Nations Core Values:

Integrity • Professionalism • Respect for diversity

Background:

Created in December 1999, the United Nations Office for Disaster Risk Reduction and secretariat of the International Strategy for Disaster Reduction (UNISDR) is the designated focal point in the United Nations system for the coordination of disaster reduction and to ensure synergies among the disaster reduction activities of the United Nations and regional organizations and activities in socio-economic and humanitarian fields. Led by the United Nations Special Representative of the Secretary-General for Disaster Risk Reduction, UNISDR has around 100 staff located in its HQ in Geneva, Switzerland, and 5 regional offices and other field presences. Specifically, UNISDR coordinates international efforts in disaster risk reduction, and guides, monitors and reports on the progress of the implementation of the Hyogo Framework for Action; campaigns to create global awareness of disaster risk reduction benefits and empower people to reduce their vulnerability to hazards; advocates for greater investments in disaster risk reduction to protect people's lives and assets, and for increased and informed participation of men and women in reducing disaster risk; and informs and connects people by providing practical services and tools such as Prevention Web, publications on good practices, and by leading the preparation of the Global Assessment Report on Disaster Risk Reduction and the organisation of the Global Platform for Disaster Risk Reduction.

Fourth session of the global platform for disaster risk reduction 2013:

The Global Platform for Disaster Risk Reduction (GP), which takes place every two years, is the global forum for accelerating world-wide momentum on disaster risk reduction. As the primary gathering for the world's disaster risk community, it brings together Governments, United Nations (UN), international regional organizations and institutions, Non-governmental Organizations (NGOs), scientific/academic institutions and the private sector. It is mandated by the United Nations General Assembly (A/RES/62/192) to:

- a) Assess progress made in the implementation of the Hyogo Framework for Action;
- b) Enhance awareness of disaster risk reduction;
- c) Share experience and lessons from good practice, and;
- d) Identify remaining gaps and recommend targeted action to accelerate national and local implementation.

The first (in 2007), second (2009) and third (2011) sessions of the Global Platform have seen progressive participation from many governments and organizations. The Third Global Platform brought together 163 governments and 162 organizations. The United Nations International Strategy for Disaster Risk Reduction Secretariat (UNISDR) is the UN entity responsible for coordinating the organization of the Global Platform and supporting the regional platforms and Ministerial meetings on disaster risk reduction.

The Fourth Session of the Global Platform for Disaster Risk Reduction aims to continue the momentum of the prior Global Platform meetings, into a durable and sustained effort from all actors (governments, NGOs and civil society, international agencies and organizations, academic and technical institutions, and the private sector) to take shared responsibility in reducing risks and reinforcing resilience in our communities. The Fourth Session will also be an opportunity to progress and consult on the Hyogo Framework for Action (HFA). The Fourth Session of the Global Platform will be held in Geneva at the International Conference Centre from Sunday 19 May to Thursday 23 May 2013. Sunday 19 May will be reserved as a preparation day. Monday 20 May will be a day for innovative dialogue. The official agenda will be from Tuesday 21 to Thursday 23 May 2013.
