1115-1300	HFA2 consultation – Overall	facilitated by Neil McFarlane, UNISDR
	<ol style="list-style-type: none"> 1. What key principles should inform the HFA2 (for instance inclusiveness, holistic approach to risk, etc.)? 2. How do you see the regional platform's role in contributing to the implementation of the HFA2? 3. What has worked and what can be improved in HFA Monitoring in light of the HFA2? 4. What instruments can the HFA2 recommend to ensure that DRR is more gender sensitive? 	
1300-1400	Lunch at Hotel Bristol	
1400-1700	HFA2 Consultation – Drill-Down	facilitated Neil McFarlane, UNISDR

Drill-Down “Climate and disaster risk integration”

5. How readily can you access tailored climate information services and how can the HFA2 promote better access to tailored climate information?
6. What achievements in linking DRR and Climate Change can be identified and built on and what made these achievements possible?
7. How can the HFA2 promote accountability for integration and implementing integrated approaches? Who should be responsible for the different aspects of integration?
8. What financial and governance instruments are available to promote coherence?

Drill-Down “Local Level Perspective”

9. What achievements in supporting local action can be identified and built on and what made these achievements possible?
10. Who should be responsible at national level for ensuring local level action is supported? Where does accountability lie and how can accountability be ensured?
11. What have local actors been saying to national governments about what they would like to see in the HFA2? How can the HFA2 reflect these expectations?

Drill-Down “Governance and accountability (including targets and indicators, legislation, role of national institutions)”

12. How well are roles and responsibilities between regional (European), national and local level delineated now and how might the HFA2 build on or further clarify roles?
13. Which models of risk governance have proven useful in Europe? What could the HFA2 recommend to encourage policies and laws that successfully address the needs on the ground?
14. Are there examples of governance instruments that have proven effective in addressing exposure? What measures can the HFA2 advance to ensure that risk governance directly addresses issues of exposure?
15. How can the HFA2 promote more comprehensive national and local strategies for financing DRR?

1700-1730	Summary	Neil McFarlane, UNISDR
19:00	Oslo joining the Resilient Cities Campaign - reception in the City Hall hosted by Mr. Fabian Stang, Mayor of Oslo
