

**National Institute of Disaster Management
(Ministry of Home Affairs, New Delhi)**

E-learning on Disaster Risk Management by NIDM, New Delhi

The National Institute of Disaster Management (NIDM) under the Ministry of Home Affairs, Government of India is offering e-Learning courses on Disaster Risk Management in collaboration with the World Bank(GFDRR) Washington. The aim of this Programme is to raise the level of Awareness and Preparedness as well as to enhance analytical skills and professional competencies of distant key stakeholders in different areas of Disaster Risk Management and Mitigation.

Why to join NIDM e-learning Courses?

- Courses are designed specifically to build competencies of disaster management professionals, development practitioners and general public.
- Beneficial for those who are not able to attend or does not have much time to attend face to face programmes.
- Flexi-time and flexi-space in course activities
- Courses are free from any face to face discussion or appearance in the final examination.
- The online Discussion Forum facilitate participants to share their views, experiences, documents, images and videos
- Participants can receive Discussion Forum entries in their personal e-mail accounts.
- The success in the course largely depends on certain parameters like completion of Personal Profiles, Country Profile, participation in the discussion forum, timely submission of Assignments and End of the Course Projects etc.

About National Institute of Disaster Management (NIDM)

The National Institute of Disaster Management (NIDM) is one of the pioneer institutes under the Ministry of Home Affairs, Govt. of India which has been mandated to promote capacity building interventions in Disaster Risk Management (DRM). Since its inception, the Institute has been proactive in raising the level of Awareness and Preparedness in dealing with disasters and emergency situations in the country, as well as making DRM education accessible to people across different level of stakeholders.

About GFDRR

Established in 2006, the **Global Facility for Disaster Reduction and Recovery (GFDRR)** is a partnership of 36 countries and 6 international organizations committed to helping developing countries reduce their vulnerability to natural hazards and adapt to climate change. The partnership's mission is to mainstream disaster risk reduction (DRR) and climate change adaptation (CCA) in country development strategies by supporting a country-led and managed implementation of the Hyogo Framework for Action (HFA).
