EFDRR Working Group on Roadmap
European Implementation
Sendai Framework DRR 2015-2030
- Introduction -

C.L.P.M. Goemans, The Netherlands’ DRR National Focal Point & liaison National Platform DRR
“From global perspective to regional action”

From

The Sendai Framework for Disaster Risk Reduction: 2015-2030

To

The EFDRR Roadmap on implementing Sendai Framework for Disaster Risk Reduction
**"Background for a European Roadmap SFDRR"**

- **Establishment of a Working Group:** Finland, France, Germany, Italy, The Netherlands, Norway, Portugal, Sweden, Turkey, United Kingdom, Council of Europe, European Commission and UNISDR met virtually on 18 May 2015 and twice in Brussels (29-30 June and 7-8 September 2015)

- **Sendai new elements:** social and health-related issue included and with a focus on a whole-of-society approach

- **SFDRR lasts 15 years but EFDRR Road Map currently has a focus on the coming 5 years**
Ingredients for a European Roadmap SFDRR

- Outcome EFDRR-Madrid 2014
- Gap-analysis European HFA progress reports
- European themes indicated by EFDRR and institutions like EC and Council of Europe
“Enabling national and local level strategies DRR”
(linked to 2020 target)
