

## 2017 Global Platform Remote Hubs Meeting Technical Information

### **VIRTUAL ROOM**

Blackboard Collaborate Link: <http://tinyurl.com/gp-2017>

- The above is a persistent link; participants can enter the room at any time.
- Please use Google Chrome as your Internet browser for maximum compatibility.
- After clicking on the link above, you will be asked to enter your name. You will subsequently enter the room.

### **AUDIO AND VIDEO**

- For best results, please use a headset with microphone. If necessary, built-in speakers and microphone should work.
- Once inside the room, click on "My Settings" (first icon on the bottom icon set) and click on "Set up your camera and microphone".

### **MOBILE APP ACCESS**

- The room can also be accessed via the iOS and Android mobile app "Bb Student." Once the app is downloaded onto your device, click on the link above and you will automatically be routed to the room via the mobile app.

### **ADDITIONAL RESOURCES**

- For more information on Blackboard Collaborate Ultra functionality, features and technical information, please visit <https://en-us.help.blackboard.com/Collaborate/Ultra>
