ARISE Mission: To create risk-resilient societies by energising the private sector in collaboration with the public sector and other stakeholders to achieve the outcome and goal of the Sendai Framework in a transparent and inclusive way that delivers local and measurable impact.

Global Policy Platforms
Distillation of global policy platforms shaping ARISE

2030 Agenda for Sustainable Development
- Sendai Framework for Disaster Risk Reduction
- Addis Ababa Action Agenda on Financing for Development
- Sustainable Development Goals
- Paris Agreement on Climate Change
- New Urban Agenda

Sendai Framework for DRR
Expected Outcome
The substantial reduction of disaster risk and losses in lives, livelihoods and health and in the economic, physical, social, cultural and environmental assets of persons, businesses, communities and countries

Four Priorities for Action
1. Understanding disaster risk
2. Strengthening disaster risk governance to manage disaster risk
3. Investing in disaster risk reduction for resilience
4. Enhancing disaster preparedness for effective response, and to “Build Back Better” in recovery, rehabilitation and reconstruction

UNISDR Work Programme
- Monitoring of the Sendai Framework
- Global and Regional Platforms for DRR
- Global Assessment Report on DRR
- Making Cities Resilient Initiative
- Stakeholder coordination
- Intergovernmental negotiations

UNISDR ARISE Secretariat
Board and Governance
Governance; focus; coordination; communication

Board and Governance

Themes, Projects, Networks and Activities
ARISE Projects and Activities can be initiated by the Board or ARISE Members as endorsed by the Board

1. Disaster Risk Management Strategies
   - Projects
2. Investor Metrics
   - Projects
3. Benchmarking
   - Projects
4. Education and Training
   - Projects
5. Legal and Regulatory
   - Projects
6. Urban Risk Reduction and Resilience
   - Projects
7. Insurance
   - Projects

Communications Strategy
Two way communications between ARISE board and ARISE Members to identify priorities and opportunities

ARISE Five Commitments
1. Raise awareness of disaster risk
2. Influence
3. Share knowledge
4. Catalyze
5. Implement

<thead>
<tr>
<th>Theme</th>
<th>Project Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1. Disaster Risk Management Strategies</strong></td>
<td>ARISE will build partnerships between public and private sectors to assess disaster risks and develop appropriate risk management strategies and plans.</td>
</tr>
<tr>
<td><strong>2. Investor Metrics</strong></td>
<td>ARISE will promote the development and integration of disaster risk and resilience metrics into the planning and evaluation of financial, investment and accounting decisions in both the public and private sector as well as drive the integration of disaster risk and resilience into the broader financial and accounting system.</td>
</tr>
<tr>
<td><strong>3. Benchmarking &amp; Standards</strong></td>
<td>ARISE will support the development of new and amending of existing industry benchmarks and voluntary standards for disaster risk management in all industries including healthcare, schools, power generation and distribution, telecoms, construction, hotels and tourism.</td>
</tr>
<tr>
<td><strong>4. Education &amp; Training</strong></td>
<td>ARISE will collaborate with leading universities, training institutions, professional associations, and educational outreach programs in all regions to introduce or improve disaster risk management into the curricula of education and training services.</td>
</tr>
<tr>
<td><strong>5. Legal &amp; Regulatory</strong></td>
<td>ARISE aims to better integrate and recognize disaster risk and resilience in regulatory frameworks.</td>
</tr>
<tr>
<td><strong>6. Urban Risk Reduction &amp; Resilience</strong></td>
<td>ARISE will support local business communities and governments to increase awareness of and understanding for improving disaster resilience in the urban and built environment, and will inter alia address critical infrastructure and basic service delivery, transportation, energy and utilities services, and information and communications technology.</td>
</tr>
<tr>
<td><strong>7. Insurance</strong></td>
<td>ARISE will expand collaboration with [re]insurance industry entities to: make use of their disaster risk reduction expertise, increase access to accessible and effective disaster insurance solutions in underserved markets; to develop risk transfer approaches that provide incentives for disaster risk sensitive private (and public) investment and to leverage the industry’s capabilities in the development and sharing of risk information.</td>
</tr>
