Public Private Partnerships (PPPs) for DRM

Richard Thompson
ODPEM, Jamaica

March 8, 2018

Outline

7-8 MARCH 2018 /
7-8 MARZO DE 2018
MANAGUA, NICARAGUA

1. DRM Challenges
2. Role/Benefits of PPPs
3. Strategic Projects
4. Selected Partnership Initiatives
5. Way Forward

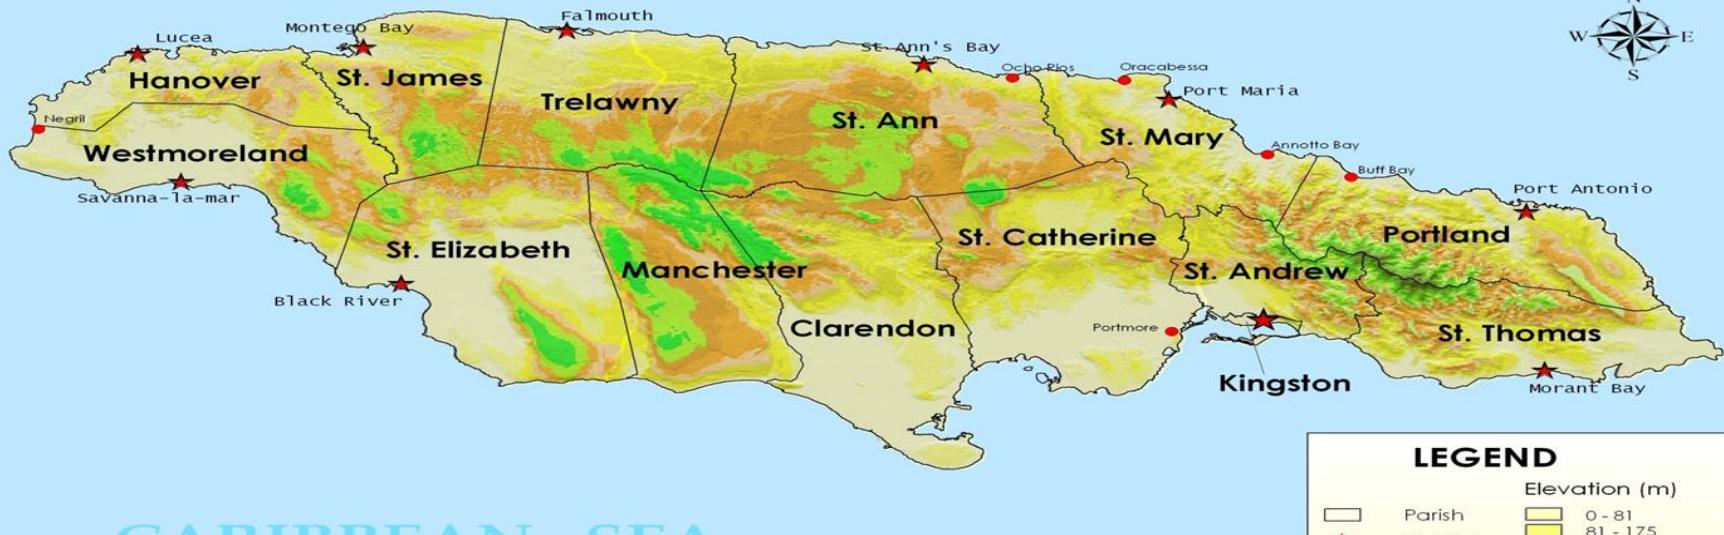

DRM Challenges

7-8 MARCH 2018 /
7-8 MARZO DE 2018
MANAGUA, NICARAGUA

NATURAL

Floods, Hurricanes, Storm surges, Earthquakes, Landslides
Droughts

TECHNOLOGICAL

- Hazardous Material release, Epidemics, Plant and animal diseases, Fires

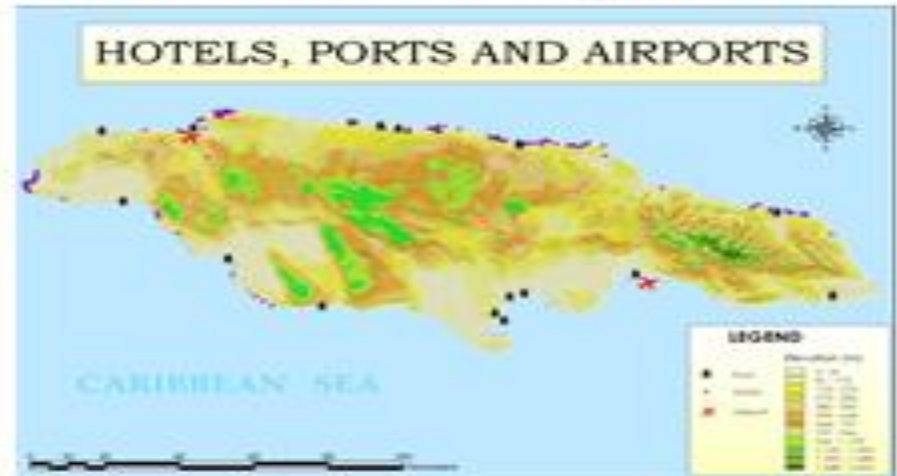

DRM Challenges

7-8 MARCH 2018 /
7-8 MARZO DE 2018
MANAGUA, NICARAGUA

Major towns In Jamaica

Hotels Ports and Airports

**DEVELOPMENT PATTERNS
ALONG THE COAST**

DRM Challenges

7-8 MARCH 2018 /
7-8 MARZO DE 2018
MANAGUA, NICARAGUA

1. Lack of or insufficient documented data to inform processes
2. Lack of Resources to support implementation programmes, projects and activities
3. Leadership & Ownership
4. Having a Plan does not mainstream CDRM
5. Translating Mainstreaming to targeted practical approaches to reduce risk and strengthen response capabilities

DRM Challenges

6. Shrinking Budgets – DRR & Sectors
7. Shrinking & Regionalize DRR Funding
8. DRM Systems and structures must be sustainable, functional and accessible
9. Need for more detailed HVRA's – National, Parish & Community levels
10. Need more systematic and inclusive approach to building a culture of resilience/safety/Preparedness

Role/Benefits of PPPs

1. Ensuring the necessary investment on a wider scale in DRM
2. Building a greater culture of disaster management across sectors
3. Lead to improve decision making
4. Enhance situational awareness in CDRM
5. Greater access to resources
6. Improve coordination
7. Create more resilient communities

Selected Projects/PPPs

Early Warning and Public Alerting

- ✓ Current Initiative underway with 2 Major Telecoms Provider and broadcast radio and tv stations
- ✓ Other partners
 - ✓ ODPEM
 - ✓ Ministry of Telecoms
- ✓ Focus on SMS facilitation for public alerting for Telecoms
- ✓ Focus of broadcast tone, display and announcements (Radio & TV)
- ✓ Commitment for proposal for medium to long term planning and implementation
- ✓ Future projects and partnerships

Selected Projects/PPPs

7-8 MARCH 2018 /

Selected Projects/PPPs

7-8 MARCH 2018 /
7-8 MARZO DE 2018
MANAGUA, NICARAGUA

Old Harbour Bay, St. Catherine Tsunami Impact Zone

MAP SHOWING POTENTIAL TSUNAMI IMPACT ZONES

WAY FORWARD

7-8 MARCH 2018 /
7-8 MARZO DE 2018
MANAGUA, NICARAGUA

1. Establish Greater Synergies & PPPs with DRM, Climate Change and Sustainable Development Agenda
2. Research (Technologies, Techniques)
3. Development of specific sector mainstreaming tools (mitigation, preparedness, response, recovery)
4. Stronger emphasis on Mitigation and Prevention driven by research and good practices

WAY FORWARD

5. Strengthen Emergency Response & Coordination Systems
6. Establish Information and Evidence based systems to advance priority actions
7. Comprehensive HVCA
8. Strengthened monitoring and EWS
9. Continued Public Education & Awareness
10. Climate Smarting of the CDRM CWP
