

Learning Labs @ GP 2019

Target E 1 – Sendai Alignment National Strategies

1. Purpose & Objectives:

The purpose of this session is to:

- 1) Introduce participants to the 10 Key Elements for alignment of National Strategies for DRR to the global Sendai Framework for DRR and connections with SDGs and Paris Agreement on Climate Change;
- 2) Familiarize participants with the self-scoring for alignment and reporting through the online Sendai Framework Monitor; and
- 3) Familiarize participants with the Words into Action guidance for aligning national strategies to the Sendai Framework to assist them in their efforts to align strategies.

2. Target participants:

The principal target audience for the session are member states who are wanting to learn how to align their national strategy on DRR to the Sendai Framework, as well as stakeholders who are interested in either the process or how they may be able to assist countries with the alignment. Member states who have undertaken alignment to Sendai Framework are welcome to attend and share their experiences

(Priority will be given to National Sendai Framework Focal Points)

3. Methodology and Content:

- Introduction to the 10 Key Elements and self-scoring for alignment to the Sendai Framework for DRR (10 Minutes)
- Introducing reporting against Target E in the Sendai Framework Monitor (5 minutes)
- Introduction of the WiA guidance as one method of alignment (15 minutes)
- Country experience in alignment (15 minutes)
- Questions, Answers and Discussion (15 minutes)

4. Logistics and Resources:

Participants may benefit from bringing their own laptop (but not essential)

Tables should be equipped with electrical sockets.

Need a projector/screen connected with laptop

5. Preferred time slots:

Lunch time (not overlap with other SFM/DI sessions)
