- High readiness and deployable headquarters
- Responsive to NATO, EU or Framework Nations
- Capable of conducting multinational, land operations
- Training platform for military community and civilian partners
- Need for a comprehensive approach

**Together strong for a peaceful and safe world**

# Requirements from operations

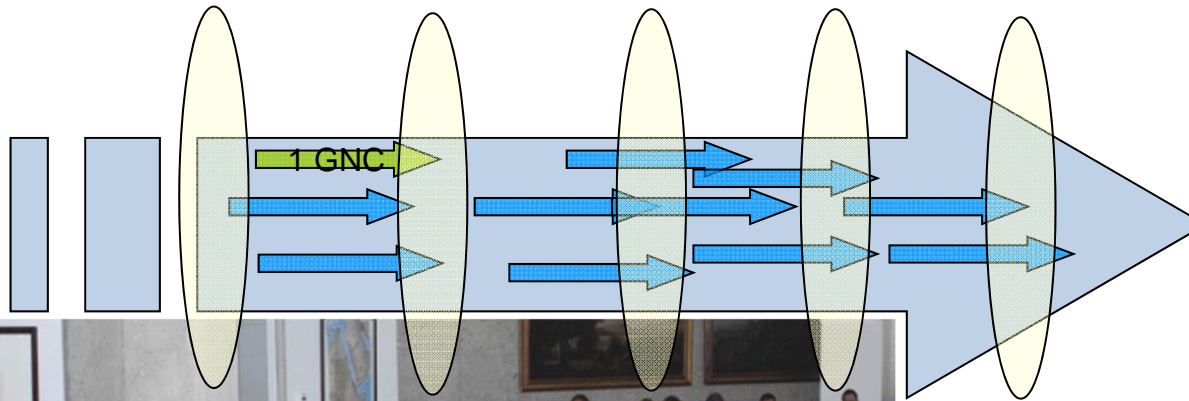

- **Requirement to establish and foster closer ties with civil agencies and actors to develop increased cooperation, connectivity and the ability to deliver mutually supported activities**
- **Requirement for an innovative exercise cycle and training programme to address more scale-able and flexible HQ, together with the interagency demands of future operations**

# COMMON EFFORT

We believe cooperation should start before we meet in a crisis

## Open Door Approach:

- Each party own training objectives
- Scenario and scripting development
- Interaction with universities
- Information exchange mechanism – need to share
- Liaison concept
