14:55

› Closure

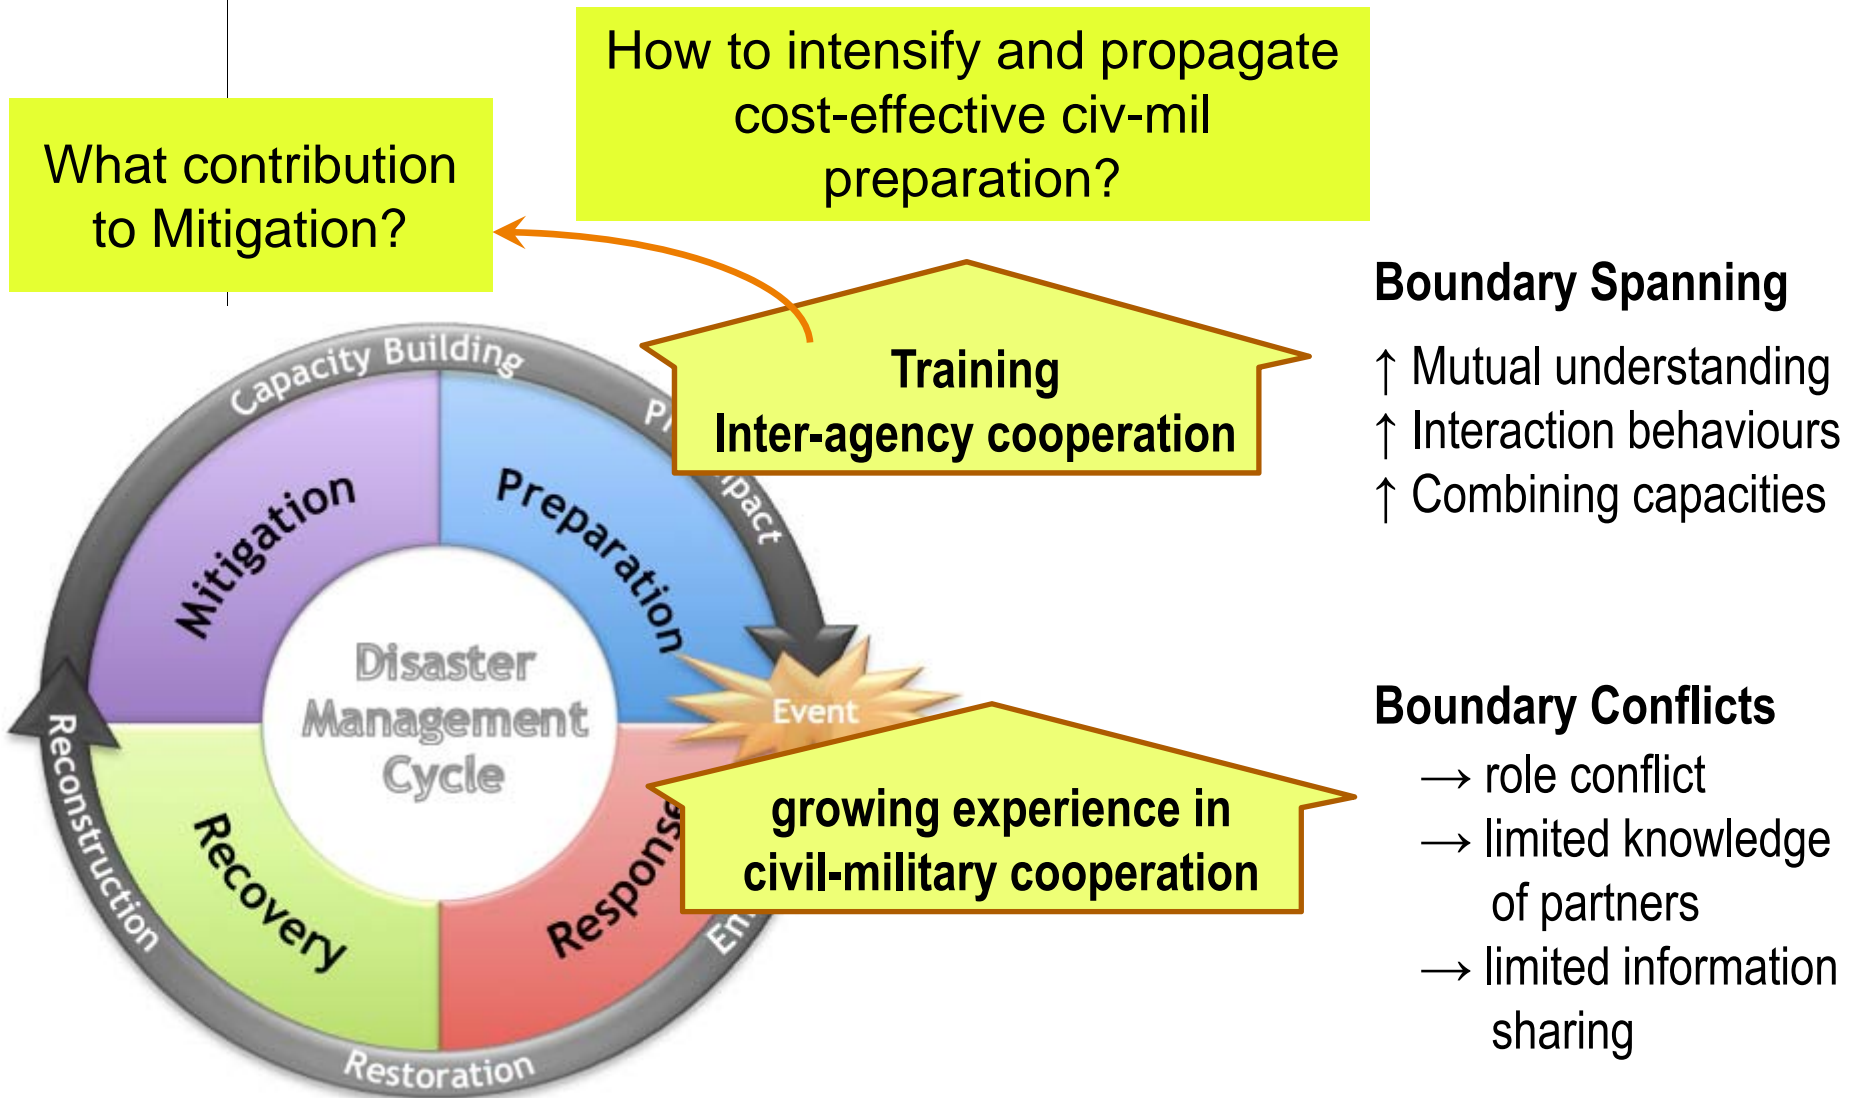

‘Using each other’s strengths’: How can institutions, military and civil, partner effectively to contribute to the HFA2?

Dr Peter Essens
Principal Scientist TNO
focus: building inter-team/agency cooperation
peter.essens@tno.nl

Organised by:
Netherlands Organisation for Applied Scientific Research (TNO)
First German Netherlands Corps (1GNC)
partnering with UNISDR

Improving military – civil cooperation

How to intensify and propagate cost-effective civ-mil preparation?

What contribution to Mitigation?

**Training
Inter-agency cooperation**

**growing experience in
civil-military cooperation**

Boundary Spanning

- ↑ Mutual understanding
- ↑ Interaction behaviours
- ↑ Combining capacities

Boundary Conflicts

- role conflict
- limited knowledge of partners
- limited information sharing

NEXT

Presentation of 1 German-Netherlands Corps
Project Common Effort

By
Brigadier General Tor Saether
Norway
Deputy Chief of Staff 1GE-NL Corps

Panel introduction

- › **Lt-Gen Ton van Loon (The Netherlands)**
 - › Commander First German Netherlands Corps;
- › **Col Jean Farah (Lebanon)**
 - › Chief Secretary of Army Staff for Operations; Committee member of the National Response Framework During Disasters (NDRF)
- › **Mr Toni Frisch (Switzerland)**
 - › Ambassador; Deputy Director of Swiss Agency for Development and Cooperation
- › **Mr Munish Kaushik (India)**
 - › Cordaid advisor in India Community Managed DRR
- › **Mr Ronald Jackson (Barbados)**
 - › Exec. Director, Caribbean Disaster Emergency Management Agency; former Director General Disaster Preparedness and Emergency Management office in Jamaica

Panel/Audience discussion / preparation

1. Mil-Civ cooperation is an essential contribution for DRR. This should be build early, during preparation
2. Mil-civ cooperation training should be developed at local and regional levels
3. There should be a central military-civilian coordination center or training directorate to organise it

Panel/Audience discussion / mitigation

1. What roles and contributions do the military have in mitigation of risks?

Proposed Conclusions (to be discussed)

- › Recommendation for HFA2
 - › To develop and implement training model(s) for (small) collaborative exercises in the regions

- › What Action is needed to develop HFA2?
 - › Develop collaborative exercises case studies to demonstrate the intended effects
 - › Develop discussions on role of military in prevention

- › Delegates are invited to join in these developments...
