Lieutenant General Nadeem Ahmad, Pakistan

Lieutenant General Nadeem Ahmad is a retired Pakistan Army three-star general credited with planning and coordinating the relief and reconstruction efforts after the devastating earthquake of October 2005. Following the relief phase, General Nadeem was appointed Deputy Chairman of Pakistan's Earthquake Reconstruction & Rehabilitation Authority (ERRA). In May 2010, he was appointed as the Chairman of the National Disaster Management Authority (NDMA), where he managed the 2010 Pakistan floods, as well as the responses to the Hunza landslide and Attabad Lake crisis, and the Airblue crash.

Dr. Suprayoga Hadi, Deputy Minister for the Development of Special Regions, Ministry for the Development of Disadvantaged Regions, Indonesia

Dr. Suprayoga Hadi is the Deputy Minister for the Development of Special Regions at the Ministry for the Development of Disadvantaged Regions, Republic of Indonesia. Before joining the Ministry for the Development of Disadvantaged Regions in 2011, he served as Director for Special Area and Disadvantaged Region at the Ministry for National Development Planning/National Development Planning Agency (BAPPENAS).

Dr. Hadi's portfolio includes planning, programming, and monitoring policies and strategies for disaster reduction and recovery, particularly rehabilitation and reconstruction in post-tsunami recovery in Aceh and Yogyakarta, and in post-conflict regions in Aceh, Papua, and Maluku. Since 2006, he has been a focal resource for disaster risk reduction policy initiatives in Indonesia, working with respective international donor agencies such as the World Bank and UNDP, by which he has been appointed as the National Project Director for many foreign-assisted disaster reduction and recovery related projects. Dr. Hadi is also a lecturer in the graduate program of regional development and planning at the University of Indonesia in Jakarta. He has a Bachelor's degree in agricultural economics from the University of Lampung, a Master's degree in regional planning from Bandung Institute of Technology, and in 2002, he obtained his Doctoral degree in Planning and Development Studies from the University of Southern California.

Claes Andersson, Stability Instrument Operations, Service for Foreign Policy Instruments (FPI), European Commission

Claes Andersson serves in the European Commission's Service for Foreign Policy Instruments as an international relations officer/crisis planner for actions under the Instrument for Stability in Asia. His portfolio includes tri-partite cooperation between the United Nations, the World Bank, and the EU on Post-Crisis Needs Assessments. Before joining the European Commission in 1999 in the Directorate-General for External Relations and Enterprise and Industry in functions related to international relations and affairs, Mr. Andersson was a designer in the construction sector. In 1990, he joined the International Labour Office (ILO) in Geneva, Switzerland, working with development projects for local small and medium-sized enterprises in Asia and Africa. He has a Master's of Civil Engineering from Chalmers University of Technology in Gothenburg, Sweden.

Jo Scheuer, Coordinator DRR & Recovery Team, BCPR, UNDP

Jo Scheuer was appointed Coordinator of the Disaster Risk Reduction and Recovery Team of UNDP's Bureau for Crisis Prevention and Recovery (BCPR) in January 2012. Mr. Scheuer comes to BCPR with an extensive career in development programming and operations within UNDP. Mr. Scheuer served as Country Director in UNDP Cambodia, with responsibilities covering both program and operations, including the development of a multi-donor trust fund on climate change adaptation. Prior to that assignment, Mr.

Scheuer was Deputy Country Director in UNDP India from 2004 to 2007, where he coordinated the joint UN response to the Indian Ocean Tsunami. He also held the position of Chief of UNDP's sub-regional policy team for South and West Asia based in Kathmandu, Nepal, from 2001 to 2004. Earlier in his career, Mr. Scheuer held various positions with UNDP in New York, Niger, Papua New Guinea, and in the private sector in Luxembourg. Mr. Scheuer holds a Master's degree in Applied Physical Geography from the University of Trier, Germany, with a specialization on climate change in high mountain areas from the Federal Polytechnic Institute in Zürich, Switzerland.

Raja Rehan Arshad, Global Facility for Disaster Reduction and Recovery (GFDRR), World Bank

Raja Rehan Arshad is the Track III Team Leader and has worked in the development field for over 25 years, and with the World Bank for the last 18 years. He has worked mainly in South and East Asia in Water and Sanitation, Urban, Rural Development, Decentralization, Post-Conflict and Disaster Risk Management sectors. He was instrumental in developing the Post Disaster Needs Assessment (PDNA) for the 2005 Pakistan earthquake and in the preparation and implementation of the Emergency Recovery Project (ERP). Since, he has led numerous PDNAs and prepared investment and emergency projects including fresh and additional financing.

Hon. Minister Rodrigo Pérez Mackenna, Chile

Hon. Minister Rodrigo Pérez Mackenna, Minister of Housing and Urbanism and Minister of National Property, Government of Chile, led the government's housing rebuilding process after the earthquake and tsunami of February 27, 2010. Appointed by President Sebastián Piñera as Minister of Housing and Urban Development, he led the six-region reconstruction of 220,000 houses and improved Chile's housing and urban ministry policies. In November 2012, he was appointed as Minister of National Assets, where his duties include promoting and coordinating the actions of both ministries and executing the National Assets Ministry's projects and activities. Additionally, he has developed teaching activities as Professor of Costs and Economic Accountability and Finance at the Pontifical Catholic University of Chile, Finis Terrae University, and Los Andes University. He is a civil engineer with degrees from the Pontifical Catholic University of Chile and an MBA from IESE at the University of Navarra in Spain.
