

# planet @ risk

**GRF Davos' new e-journal**

GRF Davos' innovative new e-journal on integrative risk management facilitates rapid translation of research findings into practice and supports the establishment of a worldwide risk community, which is committed to share know-how and expertise.

**Submit a paper  
and have a chance  
to win an iPad!**

By swiftly collecting and pooling grey literature Summaries, case studies for good practice, scientific reports, working papers, book reviews and event reports planet@risk allows information which has previously been difficult to access to finally be put to use.
