Ecosystem-based Disaster Risk Reduction for Resilience and Sustainable Development:

A Learning Event

**09 May 2011, Geneva
(CICG, Room 5, Level 3)**

Agenda

The Partnership for Environment and Disaster Risk Reduction (PEDRR) and Partners for Resilience (PFR) invite you to a Learning Session that will introduce fundamental concepts of ECO-DRR and its multiple benefits for risk reduction, climate change adaptation and sustainable development. A range of tools, good practices and end-user perspectives will also be demonstrated. The session will further discuss the main institutional and behavioural changes needed in order to effectively implement eco-DRR and maximize its benefits for resilience and sustainable development.

- | | |
|---------------|--|
| 9:00 – 9:15 | Introductions |
| 9:15 – 9:45 | Overview: What is Ecosystem-based Disaster Risk Reduction (Eco-DRR)? |
| 9:45 – 10:15 | Applying an ecosystems approach to DRR |
| 10:15 – 10:45 | Ecosystems management as a strategy for DRR |
| 10:45 – 10:55 | Challenges and Opportunities: An End-user Perspective |
| 10:55 – 11:00 | Wrap up and closing |
