World Conference on Disaster Reduction
18-22 January 2005, Kobe, Hyogo, Japan

Hyogo Framework for
Action 2005-2015:
Building the Resilience of Nations and
Communities to Disasters

www.unisdr.org

International Strategy for Disaster Reduction

An Investment for Sustainable Development in the Pacific Island Countries
Disaster Risk Reduction and Disaster Management
A Framework for Action 2005 - 2015
Building the Resilience of Nations and Communities to Disasters

Implementation of the Hyogo Framework for Action
and
Pacific DRR & DM Framework for Action

Achievements & Challenges

Pacific Disaster
Risk Management
Partnership Network

SOPAC

Context

- Regional Synthesis Report for GPDRR
- Pacific Platform for Disaster Risk Management

SOPAC

Framework Parallels

HYOGO FRAMEWORK

1. Ensure that Disaster Risk Reduction (DRR) is a national and local priority with strong institutional basis for implementation

2. Identify, assess and monitoring risk and enhance early warning

3. Use knowledge, innovation and education to build a culture of safety and resilience at all levels

4. Reduce the underlying risk factors (reduce risk in key sectors)

5. Strengthen disaster preparedness for effective response at all levels

Pacific DRR & DM Framework

1. Governance - Organisational, Institutional, Policy and Decision-Making Framework

2. Knowledge, Information, Public Awareness and Education

3. Analysis And Evaluation Of Hazards, Vulnerabilities And Elements At Risk

4. Planning For Effective Preparedness, Response And Recovery

5. Effective, Integrated And People Focused Early Warning Systems

6. Reducing Underlying Risk Factors

SOPAC

Achievements

- Pacific Platform for DRM

- DRM National Action Plans

- Pacific Disaster Net www.pacificdisaster.net

- National DRM arrangements

- Tsunami Capacity Assessments

- Melanesian Volcanological Network

- Formal training and capacity building in DM

SOPAC

Achievements

- Community based DRM training

- Risk financing options

- Risk databases at regional and national level for 8 countries

- Retrofitting of Schools – Fiji

SOPAC

DRM Challenges/Issues

1. DRR and CCA

2. Community level DRM

3. End-to-end Early Warning Systems - all hazards.

4. Partner collaboration at regional and international level - DRM and CCA

5. Strengthen capacities of Technical Agencies

6. Governance and Institutional arrangements for DRM

SOPAC

DRM Challenges/Issues

7. Revise Finance and Planning arrangements – DRR DM and CCA

8. Strengthen baseline data (socio-economic impact)

9. Integration of DRR - CCA in Curriculum

10. Access and Understanding to scientific tools to inform hazards, vulnerability and risk assessments

11. Specialist skills to enhance preparedness

12. National access to funding for DRM
