Which local institutions will be engaged in the Campaign? (In addition to the local government.)	
Our Key value in our work is Partnership; So the grassroots mobilization and empowerment is done by two major civil society organizations; i) Popular Knowledge Women's initiative (P'KWII) implementing a Livelihood Initiatives For Teso (LIFT-Teso Project) with funding from US ADF. ii) And Learn as you work Folk Institute strengthening local democracy from funding of Danish Association for International Cooperation (MSu) in partnership with action aid. Markus Garvey Pan African University now provides the back up in tapping into the indigenous knowledge system.	

Major Disaster Risks (Please indicate major disasters that have occurred, prevailing hazards and vulnerable conditions.)	
Floods and drought are the major disasters and destroy Lives, livelihoods, social services (Schools, Health centers...) and employment	
Achievements and plans in relation to the ten essentials areas <i>A - Make an estimation of the status per essential as follows: 1 - poor/nothing in place, 2 - some progress in place, 3 - in place, well functioning, or N/A B - Please describe main areas of progress and achievements. C - Please identify activities and plans your city will pay special attention to improve the current situation during the campaign and beyond. Additionally, feel free to propose special events or activities your city would like undertake to raise awareness on disaster resilience. Please select the respective Essential(s).</i>	
Essential 1 – Risk reducing organization and coordination in place	Status - 3
Progress and achievements - The recentering of the Rural Agenda is now very entrenched in all our operations as local government so far eight other local Governments in the sub region have come to learn from what we do	
Plans - Mainstream the model as study frame work at the MPA- University and share it with Local Government National Association	
Essential 2 – Budget assigned	Status - 2
Progress and achievements - 10% of the district and subcounty (PAF) is set aside as a startup fund for DRR on top of the P'KWII and YNO funding.	
Plans - On final stage of discussions with UNDP Uganda programme.	
Essential 3 – Risk assessment prepared	Status - 2
Progress and achievements - Vulnerability and Capacity assesment training for 100 Community Development Agents and their deployment in their respective communities	
Plans - Estabilishment of Learning Center (Data centre) is in full progress.	
Essential 4 – Investment in risk reducing infrastructure	Status - 2
Progress and achievements - A200,000Ha Irrigation scheme being set up will capture flooding waters to used during the drought periods.	
Plans - Main stream Agro Ecological farming system for all the 30,000 house hold that are prone to disaster	
Essential 5 – Safe schools and health facilities	Status - 2
Progress and achievements - Assessment in the two out of six most affected sub-counties of Kolir and Malera. seven structures have been upgraded.	
Plans - Assesment for all the school and Health facillites	
Essential 6 – Risk-compliant building regulation and land use applied	Status - 3
Progress and achievements - Regulation in place for all public buildings individual rural buildings are being up graded by use of hydraform technology. The land use is on Agro Ecological mode	
Plans - Scale up and out the good practices that have worked in the two very prone sub counties of Kolir and Malera	
Essential 7 – Education programmes and training in place	Status - 3
Progress and achievements - Markus Garvey University has linked up with P'KWI to have a Bukedea community learning center established in Bukedea. This has mainstreamed training	

Plans - Six sites of learning are being planned and this link link up with the rural schools	
Essential 8 – Ecosystems and natural buffers protected	Status - 2
Progress and achievements - P'KWII with the LIFT-Teso project is positioning Households as Agro-Acological model and 100 Key Farmer trainers (KFTs) have been trained to play volunteer role of field extension worker.	
Plans - All our 6 subcounty plans have incorporated protection.	
Essential 9 – Early warning systems installed	Status - 1
Progress and achievements - This is the major role of the CDAs the drills are yet to start.	
Plans - Community sites of learning will be the main information link from which drill teams will spring to action	
Essential 10 – Needs-based (survivors) reconstruction	Status - 2
Progress and achievements - The P'KWII LIFT-Teso project has eco-friendly housing element using hydroform machine to make soil stabilized blocks (SSBs) which are interlocked during construction	
Plans - This is being rolled over to cover all the vulnerable households
