It is with great interest that I have viewed the information on the UNISDR Campaign "Making Cities Resilient" brought to my attention by the volunteers of the Pozzuolo Civil Protection Group. I found your program of bringing together the experience on Disaster Risk Reduction of cities worldwide of great value and in tune with the Civil Defence policy that our Community started pursuing long time ago.

With the present letter, as Mayor of Pozzuolo del Friuli, I would like to underwrite the UNISDR Campaign "Making Cities Resilient" I have submitted the participation for approval to the City Council Meeting and I have gotten approval in date 2011/08/30.

I also started to promote your Campaign to other municipalities of our Region Friuli Venezia Giulia with the strong believe that best resilience is achieved through a diffuse knowledge of the common risks and of the methods to prevent them.

Sincerely yours,

Dott. Nicola Turello
Mayor
