Dear Ms. Helena MOLIN VALDES

Having the Association of Civil Defence Gruppo Lucano, which operates in Colobrarò, brought to our attention the UNISDR campaign “Making Cities Resilient”, we have decided to participate in this Campaign with the belief that cooperation and support with cities around the world will allow us to improve our understanding and resilience to disasters.

The Town of Colobrarò has always recognized the important role that the local knowledge of the territory and the presence of a diffuse education on risk prevention play in the reduction of risks from disaster that may occur.

The process of the application has allowed us to better focus on the issues still to be addressed in our Town in order to enhance our level of preparedness and it is our intention to further commit to their realization.

We look forward to future cooperation with UNSDIR

Your Sincerely

Avv. Andrea BERNARDO
Mayor
