Terranova di Pollino is a small community, inside the Pollino National Park, subjects to seismic and wildfire risks. The high value of our ecosystems has made the wildfire fighting one of the main objective of our policy of risk prevention and preparedness.

Recently the *Associazione Protezione Civile Gruppo Lucano* has brought to my attention the UNISDR Campaign "Making Cities Resilient" which I have decided to undersign with great enthusiasm. I would like to candidate the Town of Terranova di Pollino as "Participant City".

It is my belief that the objectives of the Campaign "Making Cities Resilient" need to be incorporated inside the risk reduction policy of our Town and it is my commitment to do so.

Yours Sincerely,

Mr. Vincenzo GOLIA
