Subject: participation to the UNISDR campaign "Making Cities Resilient"

In the last few years Guardia Perticara has been pursuing a strong policy of preparedness to disasters. As part of this policy we have also encouraged the organization of a group of Civil Defence Volunteers ("*Gruppo Lucano*") which now operates actively in our Town. It is at their suggestion that we have look at the UNISDR campaign "Making Cities Resilient".

We have found that the goals of the Campaign match very well with the civil defence policy that we have developed and we are proud to undersign the Campaign as "Participant City".

We hope in the future to have the opportunity to exchange experience with other cities participating to the Campaign. To facilitate this exchange we would like you to consider the possibility of sponsoring an event here in Basilicata. Our Town will be proud to host such an event.

Your Sincerely,

Ing. Massimo Caporeale
Mayor
