The Organizer
UNISDR,

It is happy to know that World Disaster Reduction Campaign - Making Cities Resilient - 2010 - 2011 is ongoing and on behalf of the people of Matara, I am happy to sign up for Matara city as a "Participant" in the campaign of Urban Disaster Risk Reduction of UN ISDR. Matara City is in the process of disaster risk reduction soon after the 2004 Tsunami hit and with the assistance from Asian Disaster Preparedness Center (ADPC), a number of activities are ongoing.

With my city, The Asia Foundation (TAF), Federation of Sri Lanka Local Government Authority (FSLGA), Disaster Management Center (DMC) National Building Research Organization (NBRO) and Disaster Management District Coordinating Unit (Matara) are constantly providing all needed support in fulfilling the achievement.

Wish success on the campaign,

Thank you

S M W Upul Nishantha
The Mayor,
Matara Municipal Council,
Matara.
